

# Do you have an Overactive Bladder?

- I use the bathroom more than 8 times during the day
- I get up more than twice during the night to use the bathroom
- I am bothered by the number of times I have to go
- I often have an overwhelming urge to urinate, an urge that is difficult to ignore
- I've had wetting accidents because I am unable to control the urge to go and can't get to the restroom in time

**If you answered, "Yes" to one or more of these questions, you may have an overactive bladder and be a candidate for Urgent PC. Talk to your clinician to see if this treatment is right for you.**
